

Chairman's Report - 2021 AGM Milton Creek Trust

I would like to thank you all for coming tonight.

It was with sad news we were informed that Bernie Lowe former councillor for Milton Regis had died. Bernie and his wife Elvie represented Milton Regis on the Borough Council for some years. Bernie along with Elvie took a great interest in the early days of the formation of the Trust Committee.

2020 has been a difficult year for all owing to Covid 19. Some positive news I would like to report the long awaited Toilet Block facility has been delivered to the park and at present is being plumbed in. It should be open in time for the spring/summer season.

The Trust Committee has applied to the Charity Commission for Charity Status. I would also like to thank all the volunteers, who have helped Kris Staples the park Ranger on tree planting and various activities over the year, though greatly restricted owing to Covid 19.

I wish everyone a better 2021. I would like to add I am standing down as Chairman, after stepping in as vice chair after former chairman Sue Gent resigned after also devoting her time to the committee

Tony Winckless
Chairman
